Music

This group of extremely talented musicians give very generously of their skill, talent & time for all school events involving music. Events such as Opening school mass, open night, school carol service, carol singing in the local hospitals.

In general they get involved anytime they are asked to contribute to an occasion.

They often forego part of their lunchtime for practices and have to bring heavy instruments in and out everyday. Many thanks to all the parents who have to make extra trips to school. Their music adds to the enjoyment of every occasion.

Character Awards

These are individuals who enrich our school by their very presence among us. These girls add to the school just by being here. They are mannerly, cheerful & appreciative. They are interested, ambitious & proud of who they are and where they come from. They know their own minds and are able to say what is on their mind without giving offence to anyone. They are sensitive to the needs of others. They are not afraid of trying new things. At the same time they are ordinary and go about their business in a quiet way, neither looking for either attention or recognition. These girls exemplify all the very best that we hope to achieve in our students they are a credit to their families, their parishes and we are a richer school because they are among us.
